

Student Handbook

2019-2020

Letter from the Superintendent:

Dear Students and Families of Mt. Pulaski USD #23,
Welcome to the new school year and the many new opportunities that lie ahead of our students and community. I would like to introduce myself to you as Fred Lamkey, the new Mt. Pulaski Superintendent of Schools.

I am excited to work with the board, administration, teachers, staff, students and community to continue our current success. I also want you to know that Mt. Pulaski Schools are committed to building on these successes to be on a continual path of improvement. Mt. Pulaski is fortunate to boast the staff and resources that can support student learning in and out of the classroom. We will always be looking to see how we can help our students better achieve and succeed.

An essential component to this process is the cultural foundation established through the implementation of the Mt. Pulaski Student Handbook. The handbook informs students and families of policies, procedures and expectations that allow our children to receive a high level education. It is very important to take time to become familiar with the handbook so that parents/guardians and students can have meaningful conversations when it comes time to make decisions for school. Our teachers and staff will also be reviewing the handbook and guiding our students through this process.

Adhering to the policies, procedures and expectations of the Mt. Pulaski Student Handbook is the responsibility of every student and their families. The pages of the handbook have been reviewed by building handbook committees and the Mt. Pulaski Board of Education to ensure all policies, procedures and expectations are in the best interest of our students.

If you have any questions, please reach out to administration in your student's school or contact me at our district office. We are always happy to assist you! I would like to wish you the best of luck for this upcoming school year and "Go Toppers"!

Respectfully yours,
Fredrick A Lamkey

SECTION 1 – Introduction to District #23

Mission Statement:

District #23 will commit itself to establishing a well-balanced, challenging curriculum including coordinated technology curriculum to insure students will develop the skills they will need to live and work successfully in the twenty-first century.

All persons within the District between the ages of 5-21 are accorded the right and opportunity to a free and equal education.

This handbook is designed to acquaint students and parents with the rules, regulations and other relevant information necessary for the orderly functioning of our school. This handbook is only a summary of board policies governing the District, specifically the high school. Full board policies are available for review at the District Office. This handbook may be amended during the school year by the District without notice.

Goals of District #23

Personal Responsibility of Mt. Pulaski C.U.D. #23 Students

As a student at Mt. Pulaski C.U.D. #23, you are expected to be aware of and to accept your individual responsibilities in the following areas:

1. The Teaching-Learning Process:

You deserve the best instruction that the Mt. Pulaski C.U.D. Schools are capable of providing. For the efforts of the teachers to be as successful as possible and for you to work and achieve to the best of your ability, you must cooperate with the teachers.

2. Respect for the Rights of Others:

Your rights must be balanced against the rights of others, and their rights must be balanced against yours. The purpose of the school and the requirements of the educational process must be weighed in deciding who has a right to do what, and what behavior is acceptable.

3. Responsibility for Your Own Action:

If you choose to follow bad examples set by a few of the other students, you will be held responsible for your actions and your actions only. The decision will be yours, and so will the consequences. Your first responsibility then is to decide how you should conduct yourself while you are at school. Your second responsibility is to be prepared to accept the consequences of your actions.

SCHOOL DAY DEFINED

Mt. Pulaski High School is open on a regular school day beginning at 7:30am. Students may only enter through the main gym lobby doors or the southernmost parking lot doors (by the Business and FACS classrooms). These doors will be monitored and students will be directed to the cafeteria to wait until the 7:52 dismissal bell unless otherwise supervised by a teacher. The school will also be open for 5 minutes after the dismissal of school. Students are not to be in the building beyond these hours except when supervised by faculty members or when attending or participating in a scheduled school or public function. The school day may be defined as that period of time beginning with the arrival of the student at school and ending with the dismissal of classes and the departure of the student from the school premises. All students who remain after school for extracurricular activities are regarded as having extended the regular school day until these activities end and students leave the school premises. While students are at school, and while they are under the supervision of school personnel, they are subject to all practices, rules, and regulations of the Mt. Pulaski CUD #23. Any school-sponsored activity is considered part of the school day.

Any articles found by students should be turned into the office immediately. If students have lost articles, they may claim them upon proper identification from the Principal’s Office.

EMERGENCY PROCEDURES

Emergency procedures are a matter of concern for all individuals in the school building. All public buildings are required to provide regulations and procedures to be followed in case of any disaster. Each teacher will have a copy of safety regulations that will include directions and procedures to follow in case of emergency. Fire drills and severe weather drills will be conducted during school time. Each attendance center maintains a Crisis Plan for emergencies, such as fire, storm and intruder. These procedures include lock-down and evacuation plans.

MANDATED REPORTERS

All school district employees, including the Board of Education are mandated by law to report possible child abuse and/or neglect to the Department of Children and Family Services.

In the event it should become necessary to start late or to close either building due to weather conditions or an emergency (fire, boiler failure, power failure, inability to furnish bus transportation) these points will apply:

STUDENT PERSONAL PROPERTY

The school is not responsible for lost, damaged or stolen personal property brought to school or to a school activity. Students are advised not to bring valuables to school. Be sure lockers are fully locked. Engraving of calculators, computers and other valuables is recommended.

STUDENT RECORDS

The Illinois School Student Records Act and the Family Educational Rights and Privacy Act provide guidelines for the release of student record information. The guidelines are available in each school office.

1. The student's permanent record consists of basic identifying information, academic transcript, attendance record, accident reports, and health information. The permanent record shall be kept for 60 years after graduation or permanent withdrawal. The school is the custodian of all permanent records.
2. The student's temporary record consists of all information not required to be in the student permanent record including family background information, test scores, teacher anecdotal records, and release information. The temporary record will be reviewed every four years for destruction of out of date information and will be destroyed entirely within five (5) years after graduation or permanent withdrawal.

This is official notification that after a period of five (5) years from the students leaving Mt. Pulaski High School, his/her temporary records will be destroyed. Permanent records will be maintained for 60 years.

NOTIFICATION OF RIGHTS UNDER THE FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Family Educational Rights and Privacy Act (FERPA) and the Illinois School Student Records Act (ISSRA) afford parents, guardians, and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and copy the student's education records within 15 days of the day the School receives a request for access. Parents or eligible students should submit to the School principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to a copy of any school student record proposed to be destroyed or deleted. The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent(s)/ guardian(s). Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.
3. The right to have one or more scores received on college entrance examinations removed from the student's academic transcript. Parents/guardians or eligible students may have one or more scores on college entrance exams deleted from this student's academic transcript. Students often take college entrance examinations multiple times to improve their results. Test publishers provide the results from each examination taken to the student's high school. Schools must include each of these scores on the student's transcript, which may result in the academic transcript having multiple scores from a single college entrance exam. A parent/guardian or eligible student may not want certain scores to be sent to postsecondary institutions to which the student applies. The District will remove scores on college entrance examinations upon the written request of the parent/guardian or eligible student stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be removed.
4. The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights. Parents or eligible students who wish to ask the School to amend a record should write the School principal (or appropriate school official), clearly identify the part of the record they want changed, and specify why it should be changed. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
5. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted as its agent to provide a service instead of using its own employees or officials (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
6. The right to request that military recruiters or institutions of higher learning not be granted access to your secondary school student's name, addresses, and telephone numbers without your prior written request. Federal law requires a secondary school to grant military recruiters, and institutions of higher learning, upon their request, access to secondary school student names, addresses, and telephone numbers, unless the parents/guardians, or student who is 18 years of age or older, request that the information not be disclosed without prior written consent. If you wish to exercise this option, notify the Building Principal where your student is enrolled for further instructions.

7. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School District to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5920

8. The right to prohibit the release of directory information concerning the student. Throughout the school year, the District may release directory information regarding students, limited to:
- A. The student's name, address, gender, grade level, birth date and place.
 - B. Parent(s)/Guardian(s) names, addresses, email addresses, and telephone number.
 - C. Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs, the school websites, or school social media outlets.
 - D. Academic awards, degrees, and honors
 - E. Information related to school-sponsored activities, organizations, and athletics
 - F. Major field of study
 - G. Period of attendance in school

No photograph highlighting individual faces will be used for commercial purposes, including solicitation, advertising, promotion, or fundraising, without the prior, specific, dated and written consent of the parent or student, as applicable, and no image on a school security video recording shall be designated as directory information.

Any parent, guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the Building Principal within 30 days of receipt of this Notice of Rights. No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.

TELEPHONES

The telephone in the office is to be used for emergency calls. Students may use this phone for local or reimbursable calls. All students are expected to ask permission to use the phone. Parents are asked to limit messages to absolute necessities. This phone is to be used for all official communication between students and their parent/guardian during the school day. Cell phone use is prohibited.

SEARCH AND SEIZURES

To maintain order and security at Mt. Pulaski High School, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison and/or police officers.

School property and equipment as well as personal effects left there by students:

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there. This applies to student vehicles parked on school property; in addition the building principal shall require each high school student, in return for the

privilege of parking on school property, to consent in writing to school searches of his or her vehicle, and personal effects therein, without notice and without suspicion of wrongdoing.

The Superintendent or Principal may request the assistance of law enforcement officials to conduct inspections and searches. This may include, but not be limited to lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials. These searches conducted may include the use of specially trained dogs.

Students:

School authorities may search a student and/or the student’s personal effects in the student’s possession (such as purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is reasonable ground for suspecting that the search will produce evidence that the particular student has violated or is violating either the law or the District’s student conduct rules. The search itself must be conducted in a manner, which is reasonably related to its objectives and not excessively intrusive in light of the age and sex/gender of the student and the nature of the infraction. Strip searches are prohibited by school personnel.

When feasible, the search should be conducted as follows:

- ✓ Outside the view of others, including students;
- ✓ In the presence of a school administrator or adult witness; and
- ✓ By a certificated employee or liaison police officer of the same sex/gender as the student.

A written report must be kept on file whenever students are personally searched.

Seizure of Property:

If a search produces evidence that the student has violated or is violating the law or the District’s policies or rules, such evidence may be seized and impounded by school authorities and disciplinary action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities.

POLICE OR DCFS REQUESTS TO INTERVIEW STUDENTS

The administration at Mt. Pulaski CUD #23 feels it is imperative that we cooperate with local police authorities and representatives from the Department of Children and Family Services (DCFS). There have been occasions when police officers or DCFS workers have asked to question students during the school day. It is important for parents and students to understand that the school administration does not have the right to prevent or delay DCFS workers from questioning students. If given authorization by the DCFS workers, the principal or other school personnel will attempt to contact the parents of the student prior to any discussions with the police. If contact is made, parents have three options, and these options are available strictly at the discretion of the police. Parents may: simply approve the police request with no restrictions, ask the principal or other school authority to sit in with the student during the interview, request that the police officer delay the interview until later in the day when either or both parents can be present. If the parents cannot be contacted, DCFS workers will have the right to question a student. With DCFS approval, however, the principal or other school personnel will be present with the student during the interview. Any student who is 17 years old or older may be interrogated by the police, without parental notification, as long as the building principal is present. In all cases when the police are questioning students, the building principal or his designee must be present.

THE STEVEN’S AMENDMENT

The Steven’s amendment requires that when an LEA (Local Educational Agency) is issuing statements, press releases, requests for proposals, bid solicitations and other documents describing projects or programs supported in whole or in part with federal funds, all grantees receiving federal funds shall

clearly state the percentage of the total costs of the program or project which will be financed with federal funds, the dollar amount of federal funds for the project or program, and percentage and dollar amount of the total costs of the project or program that will be financed by non-governmental sources.

STUDENT HANDBOOK

The Superintendent and Principal with input from the student handbook committee, shall prepare disciplinary rules implementing the District's disciplinary policies. These disciplinary rules shall go to the Board for its review and approval. Parents and students must sign a notice that they have received the handbook and agree to abide by all rules.

FOOD & DRINK

Without prior permission from the building principal **or classroom teacher**, no outside beverages or food will be allowed on school property. No open cans or bottles of soda/beverages may be kept in lockers at any time. Soda and snacks are allowed only in the cafeteria. Clear plastic water bottles filled with water are allowed in classrooms.

SECTION 3 – Attendance and Truancy

ATTENDANCE REQUIREMENT FOR CREDIT OR PROMOTION

The Illinois School Code requires compulsory school age attendance (105 ILCS 5/26-I.-15). **Valid cause for student absence shall be illness, observance of religious holiday, death in immediate family and family emergency, and shall include such other situations beyond the control of the student as determined by the Board of Education.** The Illinois School Code, Article 26-1, requires those who have custody or control of any child between the ages of 7 and 17 to cause such child to attend school the entire time it is in session during the regular school term.

In the event of any absence, the student's parent/guardian is required to call the school at **High School at 792-3209** to explain the reason for the absence. ALL absences will be considered EXCUSED if a call is made into the High School office by 10a.m. on the DAY OF THE ABSENCE. In the event that the Office must contact a parent to determine the whereabouts of the student or for parents calling AFTER 10 a.m., the absence will be considered UNEXCUSED. If the Office is unable to reach a parent to determine the whereabouts of a student or if a phone call is made AFTER 10 AM, then a note must be sent in the next day to be considered EXCUSED. If a student-athlete arrives at school for a partial day, a doctor or college note or funeral notice will be required for them to participate in practices or games.

When a student enters school after the start of the day, he/she must report to the school office, before going to class, to receive an admit slip from the secretary. The student should have a note with them explaining their absence for the morning, whether from a parent/guardian or from a physician should the absence result from a medical appointment.

Students are limited to nine days of absence per school year. Any absences beyond the allotted amount will be considered an unexcused absence unless a medical statement by a physician is submitted to the school upon returning. Students who have used their allotted 9 absences per school year will be considered unexcused and therefore truant per class period missed.

EXCUSED ABSENCES

An excused absence can be defined as, but is not limited to:

1. Students absent due to a valid cause as per Illinois school code law (see above)
2. Medical appointment verified by a medical note.

3. College days for Seniors Only – Limit of 2 per school year – Must be verified by college or university. Additional days may be granted by the building principal for testing and assessment. (See Pre-arranged Absences).
4. Illness confirmed by a medical note.
5. Observance of a religious holiday.
6. Illness confirmed by a note from a parent/guardian (parent/guardian verified absences may not be excused if total absences are in excess of 9 days per school year).
7. Court appearance demanded by official summons or subpoena verified by court.
8. Funeral (confirmed with a parent/guardian note or memorial leaflet).
9. School sponsored activities, i.e. field trips, athletic events or scholastic competitions (see Pre-arranged Absences).

UNEXCUSED ABSENCES

An unexcused absence can be defined as, but is not limited to:

1. Any absence that is not confirmed with a parental/guardian, medical, or college note within the 48-hour grace period.
2. Truancy
3. An illness which last for more than two consecutive days that is not verified by a medical note.
4. Vacation days taken with family (credit may be given if student meets the expectation of the building principal and classroom teachers) see Prearranged Absences.
5. Personal reasons or business
6. Failure to attend because of transportation problems, unless transported by school bus.

Parents will be notified after a student’s 9th absence in a school year. The 9th absence in a school year qualifies not only for a school day absence, but for individual classes as well. Parents will be informed by letter, and concern is shared about their student’s attendance. The letter informs parents that, if the student misses any more school for the remainder of the year, a licensed physician’s medical excuse will be required for the absence to be considered excused.

Unless there are very unusual circumstances, missing more than 9 days of school in a year is excessive. Students need to be in attendance to receive credit. With the exception of excused absences due to medical reasons, bereavement, college days, and religious holiday observance, both unexcused and excused absences count towards semester absence days which will result in the following consequences:

1st unexcused absence	Conference between the Principal and the individual student
2nd unexcused absence	after school detention
3rd unexcused absence	after school detention and a letter sent home to parent/guardian
4th unexcused absence	Saturday morning detention
5th unexcused absence	Saturday morning detention and loss of school field trips
6th unexcused absence	1 day in-school suspension and second letter to parent/guardian
7th unexcused absence	2 day in-school suspension
8th unexcused absence	2 day in-school suspension and loss of all extra-curricular activities for the remainder of the school year (including athletic events and dances)
9th unexcused absence	3 day in-school suspension and the student will be referred to the Regional Office of Education for Truancy

Please remember there is a positive relationship between attendance and success in school.

PRE-ARRANGED ABSENCES

A Pre-arranged absence is an absence for the reasonable convenience of the student or parent (family). Pre-arranged absences can be excused or unexcused, depending on the reason for absence (see Attendance Requirements for Credit).

If a student knows ahead of time that they will be absent from school, the student is required to complete a Pre-arranged Absence form which can be obtained from the building principal. All assignments are due as the teacher notes on the form. Any outstanding late work may be required to be turned in prior to participating in a school sponsored event. Credit for the student's work is dependent upon the form being returned on time.

FAMILY TRIPS

A vacation or family trip taken during the school year is an unfortunate interruption to classroom work. We realize that the choice of vacation time may be dictated by an employer so that the student and parents are faced with a choice between a family trip during the school term and no trip at all. During the school year, such trips will be considered an excused absence if the following guidelines are followed:

1. No more than five (5) school days will be excused. Days in excess of five (5) will be marked as unexcused.
2. The office must be given at least one week notice by the parents that their intention is to take such a trip.
3. The student will present a pre-arranged absence form to each teacher five (5) days prior to leaving in order to secure all work that will be assigned.
4. All work missed must follow the Assignment Make-Up Policy.
5. No absences will be approved during semester or final exams without prior approval of the administration.
6. **Pre-arranged family trips will count against 9 allowed excused absences.**

TRUANCY

Students who exhibit habitual absenteeism and/or truancy will be offered all support services by the Mt. Pulaski CUD #23. Those services will include but not be limited to involvement with in conjunction with the Regional Office of Education. **The State of Illinois requires every parent to properly care for, train, educate, discipline and control each child.** To educate means to see that your child is in all classes every day. If this does not occur, the law states that parents can be fined from \$25 to \$500 or be imprisoned in the county jail or both. Students who "skip" or who miss all or any part of a school day without parent or school consent will be subjected to discipline according to the unexcused absence policy and/or at the discretion of the principal.

TARDINESS

Tardiness is a part of permanent records at the high school and may have an effect on the student's ability to secure jobs in the future. Students are allowed four (4) minutes to pass between classes. This will give students more than ample time to move orderly between classes, go to the restroom, and get to their lockers. Tardiness is defined as not being in your seat when the second bell rings. If a student is chronically tardy for more than 9 (nine) times per semester, for any one particular class, they may completely lose credit for that class. Tardies will be dealt with on a per semester basis. Punishment at the discretion of the building principal.

ATTENDANCE – EXTRA CURRICULAR PARTICIPATION

Any student who is not in school at the start of the school day or leaves school will not participate in practice or any extra-curricular event that night. Students who leave school because of sickness, who are tardy or absent for any reason other than for medical appointments, or who miss school because of college visits or funerals (all must be verified) will not be allowed to attend or participate in

extracurricular activities or practice on the same day. This pertains to that day only. Any student who is failing more than one course is not allowed to attend any extra-curricular event per the weekly eligibility list.

ASSIGNMENT MAKE-UP POLICY

1. For every day a student is absent (excused), a student will be given one (1) school day to make up assignments missed during the absence. A maximum of five (5) school days will be allowed for make-up work. Unusual circumstances will be subject to the discretion of the teacher.
2. **Students with a medical condition could be given additional time to make up assignments. A physician's note requesting additional time would be required.**
3. If an assignment and or test has been assigned prior to a student being absent, even with an excused absence, the student will be expected to take care of the assignment and/or test the day the student returns. Unusual circumstances will be subject to the discretion of the teacher.
4. It is the responsibility of the student to contact each teacher for the assignments missed, preferably before or after class on the day the student returns to school.
5. A student has two (2) school days following an unexcused absence to change it to excused absence or the student will remain unexcused.
6. Certain long-term assignments and projects may have specific due dates set and are announced to all students in advance. These projects are due on or before the due date unless specific arrangements are made and approved in advance by the teacher involved. Students missing a due date due to illness may be required to provide a doctor's excuse to be exempt for the due date.
7. Students who are suspended out of school are responsible for collecting their work and completing it. Students will be given one (1) day for every day suspended to make work up. A maximum of five (5) school days will be allowed for make-up work. Students will be allowed full credit for the work.

The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.

- F. "Look-alike" or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance or other substance that is prohibited by this policy.

Prohibited conduct specifically includes, without limitation, creating and sending, sharing, viewing, receiving or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device or cellular telephone, commonly known as "sexting." Unless otherwise banned under this policy or by the building principal, all cellular phones, smartphones and other electronic devices must be kept powered-off and out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student's individualized education program (IEP); (c) it is used during the student's lunch period; or (d) it is needed in an emergency that threatens the safety of students, staff, or other individuals.
 7. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.

21. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
22. Operating an unarmed aircraft system (AUS) or drone for any purpose on school grounds or at any school event unless granted permission by the building principal.
23. Public Displays of Affection-overt affection is defined as any excessive display of affection and other behaviors which cause embarrassment to onlookers and interferes with everyone's right to an orderly, educational atmosphere.

For purposes of these rules, the term "possession" includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing, backpack, or automobile; (c) in a school's student locker, desk, or other school property; (d) at any location on school property or at a school-sponsored event; or (e) in the case of drugs and alcohol, substances ingested by the person.

Efforts, including the use of positive interventions and supports shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

WHEN & WHERE CONDUCT RULES APPLY

The grounds for disciplinary action also apply whenever the student's conduct is reasonably related to school or school activities, including but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or

4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

DISCIPLINARY MEASURES

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians.
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen or damaged property.
6. In-school suspension.
7. After-school study or Saturday study provided the student's parent/guardian has been notified. (If transportation arrangements cannot be made in advance, an alternative disciplinary measure will be assigned to the student.)
8. Community service.
9. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
10. Suspension of bus riding privileges.
11. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.
12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years. An expelled student is prohibited from being on school grounds.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), "look-alikes," alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

CORPORAL PUNISHMENT

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

WEAPONS PROHIBITION

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year but not more than 2 calendar years:

1. A firearm, meaning any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 1961. The expulsion period may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.
2. A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look alikes" of any firearm as defined above. The expulsion requirement may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

GANG & GANG ACTIVITY PROHIBITED

"Gang" is defined as any group, club or organization of two or more persons whose purposes include the commission of illegal acts. No student on or about school property or at any school activity or whenever the student's conduct is reasonably related to a school activity, shall: (1) wear, possess, use, distribute, display, or sell any clothing, jewelry, paraphernalia or other items which reasonably could be regarded as gang symbols; commit any act or omission, or use either verbal or non-verbal gestures, or handshakes showing membership or affiliation in a gang; or (2) use any speech or commit any act or omission in furtherance of the interest of any gang or gang activity, including, but not limited to, soliciting others for membership in any gangs; (3) request any person to pay protection or otherwise intimidate, harass or threaten any person; (4) commit any other illegal act or other violation of district policies, (5) or incite other students to act with physical violence upon any other person.

RE-ENGAGEMENT OF RETURNING STUDENTS

The building principal or designee shall meet with a student returning to school from an out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student's ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

SECTION 5 – Academics

STUDENT REGISTRATION

If a student attends grade school within the Mt. Pulaski CUD #23, they will be registered before eighth grade graduation by the school counselor. Any questions concerning registration or selection of courses should be referred to the counselor or principal. Registration for the next year will begin during the second semester of the preceding year. Course fees, registration forms, and course schedules can be accessed via the TeacherEase system from June to August. Payment of fees can be done by mail or in person. Parents with students enrolling new to the district or parents without an active TeacherEase account should register, pay course fees, and obtain a course schedule on the determined walk-in registration dates in August by visiting the high school office. Student fees must be paid in full by the deadline set forth in the Student Handbook. All students entering 9th grade (freshman) may be required to submit a physical and proof of immunizations. Proof of residency will be requested as required by the State Board of Education Guidelines. A student will not be denied enrollment due to homelessness. Any homeless child will be immediately admitted, even if the child cannot produce records normally required to establish residency.

ACADEMIC LOAD AND SCHEDULING

Students must be enrolled in seven (7) academic courses at all times. This allows for satisfactory time to enroll in state mandated courses. This policy will not exclude the student from enrollment in separate coursework by correspondence or pre-college work.

STUDENT CLASSIFICATIONS

At the beginning of each school year, high school students will be classified/assigned to grade levels based on the number of credits they have earned as specified by the following standards:

- Freshman – students with less than 6.5 credits earned.
- Sophomore – students with at least 6.5 earned credits but less than 13.0 earned credits.
- Junior – students with at least 13.0 earned credits but less than 19.5 earned credits.

Any student with a grade of D, F, WF, or INC in any academic subject will not be on the Honor Roll.

WEIGHTED GRADE POLICY

Weighting is done by adding one (1) honor point to the grade a student earns in courses designed as weighted courses for a grade of “A”, “B”, or “C”. Weighted courses are designated by an asterisk (*) preceding the name of the course or a special notation following the course. Numeric values for grades are as follows:

Home/hospital instruction can be approved when the primary medical provider states that the student will be unable to attend his/her classes for a minimum of 10 consecutive school days. Instructional time will be set by the school district.

Mt. Pulaski CUD #23 will provide homebound tutoring services under the following conditions:
